BRISÈIDE

Conical single ladder

LADDER SUPPORT FOR **PROFESSIONAL USE!**

Conical single ladder ideal for small spaces

Brisèide is the ladder of support structured with wide support base and the top slightly narrower. The wide base provides greater job stability and improved freedom of movement of the operator in action thanks to the size of the **step wide 83 mm**.

Brisèide is the ladder ideal for working in small spaces as lofts, shops, warehouses, box or other environments where it is not possible to use tripod ladders.

AVAILABLE IN DIFFERENT SIZES

Brisèide is available in different sizes.
